# INNOV ATIVE FURNI TURE

## About us

*Nirmana Interni Indonesia*, a company based in Jakarta was found with the vision of making innovative office furniture. In a Workplace whether it be with chairs, tables, sofas or other office furniture it is important to choose just the right pieces to create a space that positively influence workers.

With this in mind *Nirmana* creates a solution by providing well-made office furniture that are both functional and comfortable. We provide office affordable furniture and the highest level of services.

Our team is comprised of experienced individuals who are committed to performing effectively to fulfill clients' needs. We focus on providing well-conceived office furniture to create a positive Workplace where its user could feel more energized, become more productive and efficient.

# “ VISION & MISSION”

**Our vision** is to be a leading Office Furniture Company, working with professional values, integrity, openness and innovative

**With a mission** in committing to actively contribute to the Office Furniture world in Indonesia by producing high quality office furniture that are environmentally friendly and oriented to client's satisfaction;

## SERVICES

### WORK SEATING

*(working adjustable chairs)*

Choosing the correct seating for working purposes is essential. Nirmana provides users with ergonomical and balanced work seatings that improve efficiency and productivity while working

### WORK STATION

*(desking & meeting tables)*

Nirmana provides ideal workstation where its users are given ample space to perform their duties more efficient which will also generate massive benefits for the whole company

### CUSTOM FURNITURE

*(storage & cabinets)*

Storage and cabinets are crucial essential to a workplace. Nirmana provides clients customizing ideal storage and cabinets to optimize storage space

### LOUNGE SEATING

*(sofas & arm chairs)*

An ideal workplace should have a space where great ideas and innovations are born. Therefore, Nirmana offers lounge seatings to complete the perfect lounge area in a workplace.

***“Nirmana provides products that improve Your Workspace Environment”***

# HOW WE CREATE

01

## DATA COLLECTING

Listening and understanding concepts from our client's perspective. Reviewing, revising to fulfill their needs.

02

## PLANNING

Strive to provide the right concept according to what clients had in mind. This stage will be processed through the principles of Function and Aesthetics.

03

## ON SITE CHECKING

Continuously checking on site. Measuring, material and field check to make sure of the product on site is ready to be set

04

## PRODUCTION

actualizing approved products to be manufactured in our own workshop or the be later adjusted on the field

# WHY US?

**Nirmana Interni Indonesia** will always maintain work professionalism by creating products based on *"Client's needs, innovative, creative and transparent at every stage of work"*
